## OCEAN COLLAPSING CONE™

- **Collapsing**—Easy storage in all types of vehicles with the quick release tote.
- **Space Saving**—Stores in 1/3 the space required to store traditional pvc traffic cones.
- **Self Deployment**—Once released, deployment is automatic with the patented coil spring.
- **Stable**—Unique ocean sand base provides excellent stability with over 3 lbs. total weight.
- **Lightweight**—1/2 the weight of traditional pvc traffic cones which provides for easy and quick deployment without lugging heavy pvc traffic cones.
- **MUTCD Compliant**—With Reflexite™ (6"+4") reflective collars, exceeding all requirements of ASTM D4956 and MUTCD, 2009 edition.
- **Cost Effective**—Provides excellent durability, easy storage and MUTCD compliance at a fair price.
