TEST CENTER SAFE SPACES

Create Safe Spaces with Positive Solutions for Medical Personnel and Patients

WATER-WALL FENCE™

When pinned to the Water-Wall, provides nearly 7' of height and perimeter security.

WATER-WALL™

80lbs empty & 1150 lbs filled, providing a secure separation of vehicles from pedestrians.

TRAFFIX ALERT® HIGH SPEED RUMBLE STRIP

Alerts the distracted driver to "slow down" and pay attention.

ROLL-UP SIGN

Portable, reusable & customizable. Communicate with highly visible reflective signage for daytime and nighttime visibility.

TRAFFIX CHANNELIZER DRUM™

Big, bold & effective Channelizing Drum cannot be ignored in effectively channeling traffic.

GRABBER-TUBE® II

Durable delineator post w/12 lb. recycled rubber base. Can be moved easily to delineate traffic.

CONE BAR

Adjusts from 6' to 10' length, this Cone Bar provides a physical barrier when dropped over cones or delineator tubes, keeping people out of designated areas.

URBANITE™

Pedestrian barricade that links together providing a 38" tall crowd control fence. Can also be digitally printed in four locations.

APPLICATION BULLETIN

TEST CENTER SAFE SPACES

WATER-WALL FENCE & WATER WALL™

**TRAFFIX
CHANNELIZER
DRUM™**

**HIGH IMPACT ALL PLASTIC
FOLDING BARRICADE**

Maximum durability with lightweight, portable performance. Withstands repeated impacts without need for repair.

**STEP-N-LOCK® VERTICAL
PANEL BARRICADE**

Blow molded panel & recycled rubber base providing custom messaging in a vertical orientation.

CLIP-ON-SIGN

Custom messaging on a 13"x11" plastic sign which easily clips onto a cone or tube.

**ALUMINUM BUSTER®
SIGN STAND**

Portable dual spring stand withstands high winds & gets the sign 5' in the air.

ENVIRO-CONE®

Recycled non-PVC cone providing superior performance, safe delineation, and maximum durability.
